VOL. XV No. 33 WETASKIWIN, ALBERTA, NOVEMBER 4, 1915 V. C. FRENCH, PUBLISHER.

Millet News

Mr. R. P. Roop was a Wetaskiwin visitor on Saturday.
Miss E. Steeves and Miss Wells spent Saturday in Leduc.
Mrs. G. A. Alberg and daughter, visited in Wetaskiwin on Friday.
Miss Weir is visiting for a couple of weeks with friends in Edmonton.
Mr. G. Parker, of the Millet Meat Market, spent Sunday in Wetaskiwin.
Miss Hazel Atkins, of Wetaskiwin, spent Sunday at the home of her parents.
Mr. and Mrs. H. A. Dowler have moved into their new house on Railway street.

Art Display Is Successful

The exhibition of pictures held at the Empress Theatre by the Bison Art Co., under the auspices of the Wetaskiwin schools, was the most that has ever been on view in the city. The pictures were loaned to satisfy the artistic taste, from the Venues of Milo and Heron (Proteus) were alone worth the price of admission.
The sight of the reproductions of famous paintings during last week as the 15th and 16th centuries, and giving examples of many of the most famous pictures by artists of the 15th century, up to the present day, was an education in itself.
The advantages to be obtained by having an exhibition of this sort are many. It is a very difficult matter to recognize the qualities that go to the making of a really good picture. The short time devoted to picture study in the high school, can, of necessity, only cover a very few examples and any means by which this study can be supplemented and illustrated (as in the case of the exhibition) is indeed well come to all who are interested in the progress of art in our schools.
The tableaux, which formed part of the entertainment given by the schools in connection with the Art display, necessitated the study of each picture represented. The work was entered into with the greatest enthusiasm by the pupils.
Alexandra school gave Sir Joshua Reynolds' "Age of Innocence" and also the two well-known pictures by Millet, "The Angelus" and "The Descent from the Cross." The school was represented by Birney's "The Train Here It Comes," Klumpke's "Supper time," and the "Girl with the Apple."
The ability with which the children interpreted the spirit of these pictures was remarkable. These pictures have now become a living memory to the children who took part in the tableaux, as well as to their school companions.
Tableaux taken from masterpieces of art, are a valuable means of educating along these lines, illustrating, as they do, the various epochs of the history of the world, and of the picture, but as to the artist's detail, so as to be able to determine the absolute essential to the proper balance and composition of the picture and what may be left out with impunity. It also helps in the study of the picture, and in the "foreground" middle distance, background, etc. in the minds of the children.
The hearty way in which the people of Wetaskiwin responded to the efforts of the schools to raise a fund to obtain copies of some of these pictures, is a good indication of the value now being placed upon an artistic education by all thoughtful and educated people.
Too long has the cheap and showy print or gaudy engraving, in which proportion and anatomy are often sacrificed to a luscious prettiness, and color harmonies are rudely jumbled, held its sway, and it is high time that a better class of pictures took its place in the homes of our western people.
One of two really good pictures, such as Sargent's "Frisco of the Prophets," or Burne-Jones' "Golden Stairs," or the more serious-minded, Correggio's "Holy Night," and Michael Angelo's "Delphic Sibyl" give food for thought. The best of these great pictures is, that the more closely we examine them, the more we find worthy of notice and study, and the more the beauty of their composition appeals to us.
The views of places of historic interest, such as Westminster Abbey, Notre Dame, Cologne, Milan, and the Vatican, the Parthenon, the Acropolis, Athens, the Arch of Constantine, and others too numerous to mention, are of distinct educational value, helping, as they do, to place before the student of history, while pictures such as the "Evolution of the Book," "Renaissance of the Newspaper," and "Engineering" are an illustrated course of a study in themselves, on the subjects with which they deal.
Geography, too, is represented by

Letter from the Front

A letter was received in the city this week from B. A. Ragan, who is enlisted with the 63rd Battalion, and was sent over to England with the first draft of 250 men. He likes the life and is growing quite fat, and he would like to come back for a short visit.
"He says, 'England is a fine country and the apes and bears are still growing on the trees, while I suppose it is starting to freeze up and snow over there. I would like to come over for a good duck hunt as there is no wild ducks over here, and I would sure like a good feed of duck.'
"We are about forty or fifty miles from the front of France, where the fighting is, and we can hear the big guns nearly every day. There are about thirty or forty thousand soldiers in the camp here, and they are gradually getting thinner out to replace the wounded that are returning. There are between twelve and twenty airplanes and aeroplanes flying the camp at night. We may go to France to finish our training, and we may be in the trenches before long, and I hope to see my mother when I get there again."
B. A. Ragan, No. 323 4th Coy. W. B. Battalion, Lower Division Camp, Shorncliffe, England.

Town Topics

Read E. Pearl's page advertisement in this issue.
Dr. Gouin was a visitor to Edmonton on Wednesday.
J. Henderson visited with his family the fore part of the week.

Before You Buy a Diamond

Come in and talk with us.
The value of a Diamond depends not only on its carat weight but on the quality of the stone and the way it is cut.
We have been buying and selling Diamonds in this community for years. We know values and we are here permanently to back up any sale we make.
We are showing an exceptional fine high white Diamond which we will mount in any style setting desired, either platinum or gold, for \$30.00.

Guaranteed Goods

We hear a great deal nowadays of "buying packed commodities"—goods with a guarantee. Excellent—if the guarantee means anything.

BLUE RIBBON TEA

is treble guaranteed.

Back of it stands a company with a twenty-year reputation for integrity and square dealing. The new double wrapper is a "guarantee" against the slightest deterioration by climatic or other conditions. Then there is the standing guarantee that any purchaser dissatisfied from any cause—even mere whim—may have the money back for the asking.

Could Any Guarantee Be Stronger?

ROGERS PASS IS NOW BORED TWO MILES

A progress report of the work of boring the gigantic Rogers Pass tunnel has been gotten out by the Canadian Pacific Railway. In it the information is imparted that the main tunnel has already been completed to a length of 10,511 feet. When completed as it will be in the latter part of 1916, if present calculations work out, the giant tunnel will have a total length of 26,400 feet from portal to portal. The interior dimensions are 24 feet high by 29 feet wide.

The Rogers Pass tunnel is the result of the effort of the Canadian Pacific railway to establish a grade which would make it possible for that transcontinental line to compete with the grades established on the Grand Trunk transcontinental and especially those of the Canadian Northern. The latter road has one of the best transcontinental grades of the railways on the continent. On the other hand the Canadian Pacific has always had to contend with two severe grades in crossing the Rockies and the Selkirk. At enormous expense two spiral tunnels were built to penetrate the heart of Kicking Horse Pass some years ago. By this bore the ruling grade for that summit lowered from over 4 per cent which means four feet in a hundred feet, to nearly 2 per cent. But even the latter grade is still a problem when it comes to the handling of a bulk of freight in busy traffic times. After thoroughly going into the possibilities at Rogers Pass, which is the summit pass of the Selkirk range, the big corporation decided to bore a tunnel of such length as has not yet been attained on the American continent. The tunnel, when completed will be over two and a half miles. And that is only from portal to portal, which means from the actual commencement of the road for there will be miles of approaches which will be what is generally known by railway engineers as a through cut. The tunnel, when bored where the depth of the tunnel will be so slight that the roof will be opened, or the still higher "side cuts" which are still farther from the portals and still lighter work.

The contracts are in the hands of several large contracting companies many of which took sub-contracts under the original tasks.

JOFFRE'S VISIT MEANS COMPLETE UNDERSTANDING

London, Nov. 1.—The Times asserts that General Joffre's visit to London primarily concerned a discussion of the Balkan situation and that in that respect he did valuable work. A complete and definite understanding both as to the broad outlines of the military policy and details, says the Times, was reached, the precise character of which, of course, remains a secret. "It may be said, however," the paper continues, "that the British and French governments are now agreed in full accord and are now agreed upon the main principle of their joint policy in the Balkans and the necessity of giving ready aid to the gallant Serbian army which will be kept constantly in the forefront."

The Times expressed the opinion that General Joffre will put further visits to England as the recent one had resulted in strengthening the sense of touch between the two armies and had given promises of closer co-ordination.

Two Catholic priests and two prospectors are reported murdered by the Eskimos north of Chesterfield Inlet in Hudson Bay. Captain Lockhart, of the R.N.W.M.P. boat, Village Belle, arrived here from the northern waters with but meagre details of the murder. He says the priests went in by Harcourt Island last year and the prospectors arrived there over three months ago. The tribe of Eskimos suspected of the murder are said to be the same that killed the American explorers Hudson and Street.

A COLD Settled On Hot Lungs

Causing Great Pain.

THE CURE WAS
DR. WOOD'S
Norway Pine Syrup.

Miss D. M. Pickering, St. Catharines, Ont., writes: "Having derived great benefit from Dr. Wood's Norway Pine Syrup, I thought I would write and tell you of my experience. When I first came out from England I contracted a severe cold, owing to the change of climate. It settled on my lungs, and caused me a great deal of pain. I only took one bottle and it cured me completely. My mother had a severe cold also, and Dr. Wood's Norway Pine Syrup cured her, so we never fail to keep a bottle of it in the house."

See that none of those so-called "pine syrups" are handed out to you when you go to your druggist or dealer and ask for "Dr. Wood's." It is put up in a yellow wrapper; three pine trees the trade mark; price, 25c and 50c.

Manufactured only by The T. M. Turner Co., Limited, Toronto, Ont.

Every Apple Has Its Season, Eat It Then—You'll Taste the Best

Buy British Columbia Apples

Practice economy by buying British Columbia boxed apples and be sure of well packed and good cooking apples. Buy a box of dessert and cooking apples at the same time and thus have right at hand the right apple at the right time.

ASK FOR THESE VARIETIES NOW

THE WAGNER **THE KING**

This is a medium to large sized apple, with a thin, smooth, glossy skin, which is bright pinkish red and striped mottled with pale yellow. Its firm flesh is tinged with yellow. Its texture is fine grained and is juicy and aromatic. The Wagner is a fine apple for dessert and cooking.

This is another fine apple but it is not so well known as some of the other varieties for which British Columbia is famous. It is a large apple with a bright skin. Its flesh is moderate in grain and the flavor is high. It is an excellent apple both for dessert and ordinary use in October and November.

BUY THEM BY THE BOX

Get a B.C. Apple Booklet and become acquainted with these Champions of the World. It is sent free by addressing W. E. McTaggart, 328A Eighth Ave. W., Calgary Alberta.

C. B. McMURDO, Men's Furnisher

USE STEPHENS' SILKSTONE

Flat Wall Colors for All Plaster Walls, Ceilings, Etc.

Also All Interior Woodwork, Metal Surfaces and Places where Beauty and Utility are needed.

For every room in the house, for halls, stairways and clothes closets.

SILKSTONE is sanitary, may be washed with soap and water, and can be made clean when soiled.

SILKSTONE gives a surface smooth as silk, on which dirt and dust cannot easily lodge, and under which germs cannot breed. This surface is warm, beautiful and full of life.

SILKSTONE covers from 350 to 400 square feet, two coats.

Try Silkstone now, you will not regret it.

Geo. D. Wallace Limited

Hardware and Furniture

The school of agriculture at Vermilion will fill this year but there is still room for forty or fifty more students. Any reader wishing to take advantage of the free, valuable and practical courses offered in agriculture and household science should communicate with P. S. Griesdale, principal, Vermilion.

'ROUGH ON RATS' clears out rats, mice etc. Don't die in the house. Use and 25c at Drug and Country stores.

In The Churches

METHODIST

Sunday, November 7.—
 11 a.m. Judas (not Israel) A continuation of the study of the Apostles.
 2.30 p.m.—Sunday School.
 7.30 p.m. Patriotic service and address. Unveiling by Mr. A. C. Crook of the Honour Hall of the Methodist church in recognition of the services to king and empire of the members and adherents of the church who have joined H.M. forces.

Tuesday evening, November 9, the Rev. Y. W. Bateman, missionary to China, now on furlough, will lecture on China and the Chinese Collection, no subscription. All welcome.

REV. LUTHERAN; ZION CHURCH
 Next Sunday, November 7, Zion congregation intends to celebrate the fourth anniversary of the dedication of their church. During these four years the work has been going ahead, and the congregation feels that it has all reason to give thanks. There will be special festival services at 11 a.m., 2.45 p.m., and an English service at 7.45 p.m. Rev. E. T. Heyne, of Golden Spike, will preach in the forenoon and also in the evening. Special music has been prepared by the choir and the children's chorus. A cordial invitation is extended to our friends and well-wishers.

SALVATION ARMY
 A series of special meetings have been arranged for at the Salvation Army Hall commencing on Saturday night November 6, and continuing for five weeks, with each week having its own particular end in view, as follows:

1st week—Backsliders.
 2nd week—Farmers and Villagers.
 3rd week—Mothers.
 4th week—Young People.
 5th Week—Outsiders.

There will be some special officers visiting during the campaign, or I believe further announcement will be made as time goes on, and the regular meeting nights which are Monday, Thursday and Saturday, as well as the three meetings on Sunday, we will be holding a number of cottage meetings. We shall be pleased to hold such in any homes, and all requests will be considered. Everyone is heartily invited to attend and Christian friends are asked to co-operate in any way—especially by their prayers.

ORDERS IN CANADA FOR MUNITIONS IS \$325,000,000

Ottawa, Nov. 1.—General Mahon, the British ordnance expert, who is making an inspection of Canadian factories, was the guest of honor at a dinner given by Sir Sam Hughes today.

It is believed that the manufacture of heavy guns in Canada is practically assured as the result of the investigation made by Sir Frederick Donaldson and General Mahon, but that the British experts are not disposed to encourage a venture on so large a scale as was contemplated at the conference of manufacturers and bankers in Ottawa a few weeks ago. When Sir Frederick and General Mahon have completed their inquiry, it is probable that an ordnance plant will be established on the basis of a stated order from the British government.

The Canadian government will have the opportunity of taking over the plant at the close of the period if it so desires.

The total number of shell orders placed in Canada by the war office now amounts to \$325,000,000. In the Montreal district alone some \$60,000,000 of orders have already been placed.

ADDRESSING OF SOLDIER'S MAIL

In order to facilitate the handling of mail at the front and to insure prompt delivery it is requested that all mail be addressed to soldiers as follows:

- (a) Regimental Number
- (b) Rank
- (c) Name
- (d) Squadron, Battery or Company
- (e) Battalion, Regiment, (or other unit) Staff appointment or department
- (f) Canadian Contingent
- (g) British Expeditionary Force
- (h) Army Post Office, London, Eng.

ANGUS RIDGE

Mr. Burt McEne returned to his home in Coronation on Saturday, after spending a week here.

Mr. B. H. Woodrow of Monitor is visiting at his home here.

Quite a number from Angus Ridge attended the Elson Art Display in Wetaskiwin last week.

Mr. Amos Doupe returned home on Friday after spending a few days with his son at Monitor.

Mr. and Mrs. Walker, of Edmonton visited at Mr. E. E. Langford's recently.

Calgary, Nov. 2.—Alderman T. A. P. Frost, nearing the age limit of forty-five, is now President of the Elson Art Display in Wetaskiwin. Calgary says that he thinks the time has come when every man who can go is needed. His campaign was followed by six employees of the city hall who resigned in a body to join a battalion under the command of Col. Naughton, a St. John hero, recruiting for which opens in the city tomorrow.

Swedish statistics regarding the export to Germany of Swedish iron ore show that from January, 1915, until the submarine blockade was established, more than 2,500,000 tons were exported from Lulea. These figures demonstrate the great importance of the British blockade of Germany by stopping this important item of export. Lulea harbor is crowded with large vessels, which dare not leave.

MOTHER TELLS HOW VINOL

Made Her Delicate Boy Strong
 New York City.—My little boy was in a very weak, delicate condition as a result of gastritis and the measles and there seemed no hope of saving his life. The doctor prescribed cod liver oil but he could not take it. I decided to try Vinol—and with splendid results. It seemed to agree with him so that now he is a strong healthy boy.—Mrs. THOMAS PRITCHARD, 108 Park Ave., N. Y. City.

We guarantee Vinol, our delicious cod liver and iron tonic, for run-down conditions, chronic coughs, colds and bronchitis.

T. F. Ball, Druggist, Wetaskiwin, Alberta.

SOME GOOD APPLE RECIPES

There have been many recipes printed from time to time of the delicious apple dishes and the following will no doubt be no exception to the rule. These were taken from the British Columbia Fruit Booklet, a publication sent out by the fruit growers of western Canada.

A copy of the Booklet will be sent free by addressing W. E. McTaggart, B. C. Fruit Commission, at 328A Eighth Ave. West, Calgary, Alberta.

APPLES AND RICE—Pare and core apples, place in a baking dish and fill the holes in the apples with teaspoon salt and a very little oil. Space between the apples with rice that has been boiled for fifteen minutes longer. Serve hot with cream.

APPLES SHIRRED—Boil 1 quart of apples in a pint of water until soft. Mash through sieve. Add 1/2 pound of sugar, 2 oranges; remove the peeling and grind it on a meat grinder; then cut the oranges into small pieces. Cook for 1 hour, adding the nuts 5 minutes before removing from the stove.

STUFFED APPLES TO SERVE WITH TOAST—Into a large pan put 2 cups of white stock, add a bay leaf, 1 teaspoon of minced onion, 1/2 teaspoon salt and a very little pepper. Simmer for twenty minutes and then drain. Pare and core ten tart, red apples, put them into a granite pan, pour the stock around cover, and let simmer until tender, but not broken. Careful remove from the stock and set aside. Slice each 2 cups of chestnut meats. Slice cover with the stock, add 4 teaspoons current jelly, 1 teaspoon salt, a little paprika, and simmer until the nuts are tender. Fill the centre of the apple heaping full and garnish the roast meat with them.

APPLES IN SURPRISE—To make apple cups cut a thick slice from the stem and remove the pulp with a teaspoon. Fill the cups with equal quantities of the apple pulp, peach meats, and Maraschino cherries cut into small pieces. Add 1/2 teaspoon of sugar to each apple and bake until the apples are soft, but not their shape. Remove from the oven and add one teaspoon Maraschino and 1 teaspoon sherry to each cup.

APPLES STUFFED WITH FIGS—Pare and core large apples. Fill centres with chopped figs, cover with sugar, place in a deep baking dish and add a little water, bake, basting well frequently. Serve cold with cream.

Secretary J. Mann, of the Alberta Amateur Hockey League Association announces that the annual meeting of the League will be held at Calgary on the afternoon of Saturday, November 6th.

PALPITATION OF THE HEART.

Sudden fright or emotion may cause a momentary arrest of the heart's action, or some excitement or apprehension may set up a rapid action of the heart thereby causing palpitation.

Palpitation, again, is often the result of digestive disorders arising from the stomach, or may be the result of over indulgence in tobacco or alcohol. The only way to regulate this serious trouble is to use Milburn's Heart and Nerve Pills.

Milburn's Heart and Nerve Pills are 50c per box, 3 boxes for \$1.25; at all dealers, or mailed direct by The T. Milburn Co., Limited, Toronto, Ont.

Columbia Sanitary Range

The same Range fitted with water front instead of reservoir.

For coal or wood, polished top, semi-malleable fire box back made in three pieces and ventilated so that it is proof against burning out. The ends can be easily removed to use long wood. The finish is plain throughout making it easy to keep clean. The reservoir is polished copper holding 9 gallons. We have them in two sizes complete.

 No. 15, wt. 125 lbs., price **\$112.50** No. 19, wt. 180 lbs., price **\$18**

We also show cheaper lines but believe the above best for all general purposes

FOWLER & CO.

New Scale Williams and Sherlock-Manning 20th Century Pianos

The artists choice. Built up to a standard, not down to a price. Do you catch the difference?

The cheap piano is always the dear piano, as tuning and constant repairs mounts up into high figures, and soon the piano is ready for the scrap heap.

In paying a little more for a high grade piano, you get tremendously more in all round quality. The difference is amazing, and often means ten, fifteen or twenty years more service, besides the difference in the quality of music you get.

You are invited to call and allow us to explain the distinctive qualities of the New Scale Williams, and Sherlock-Manning 20th Century Pianos, which we sell at FACTORY PRICES PLUS ONE COMMISSION ONLY, and on terms to suit you, within reason.

Ten Cents More Per Bushel for Your Wheat

To our many customers we beg to announce this generous offer. Figure it out for yourself. You will see that this is a good proposition.

Better Than Gristing
 By gristing you get three grades of flour, ten cents per bushel above the market price for your wheat and you can get one grade of flour, the best.

Yours for business,
THE MacEACHERN MILLING COMPANY, Ltd.
